College Convocation Program Concludes Anniversary Year

Honoring the conclusion of the 125th anniversary year of the BVM community, the Very Rev. Msgr. William A. Roach, JCD, chancellor of the Dubuque archdiocese and chaplain at Mt. Carmel, will address the student body at the fall convocation, Oct. 29 at 1:50 p.m. in Terence Donaghoc hall. Title of Monsignor's address is "1843-1959: Years of Grace."

The Clarke Schola will sing the hymn, Jubilate Deo by Flor Peeters. Singing of the recently composed song Our College by Miss Miriam Geiger will conclude the program. Miss Geiger is a member of the music faculty.

Exhibit Reflects College Integration With UN Agencies

A United Nations display, tentatively scheduled for the weekend of Oct. 23 in the concourse of Mary Josita hall, will centralize interest on the relation of the various departments of the college to the work of Maloy. Sister Mary Consolata, BVM, UN and its agencies. Dr. Robert moderated the publication. Horgan's United Nations class and co-operating college departments are promoting the project.

Posters, displays and copies of actual historical documents will show the interrelations.

'We are trying," says Dr. Horgan, to show the students that the fields they are majoring in here are applicable in the world scene. Perhaps it will open new job areas to some students." Mathematics, for instance, is indirectly related to all UN organs through budgets and statistics, he showed. Linguistic knowledge has immediate use in the simultaneous translation into six to eight languages at the sessions, he further illustrated.

Members of the UN class acting es co-ordinators with the various de-Partments are: Sister Mary Ellarose, BVM, for art, speech, drama, music and philosophy; Eileen Coughlin for English and classical and modern foreign languages; Joann Jolin for economics and mathematics; Alice Kamp for history and political sciences; Nancy Klucken for home economics and physical education; Barbara Kondor for journalism, psychology and sociology; and Mary Lorraine Kramer for the sciences.

Chekhov Comes to Clarke In Traveling Arts Display

Sponsored by the Clarke drama department, the traveling Chekhov Art exhibit of the Moscow Art theater will enliven the concourse of Mary Josita

The 100th anniversary of Anton Pavlovich Chekhov, famous and influential Russian playwright and short story author, occurs in 1960.

The exhibit previews a project entitled "An Evening with Chekov," one-act play performances, which senior speech and drama majors Audrey Engels and Karol Burbridge will present this spring.

Consisting of pictured scenes from uch plays as The Cherry Orchard, Uncle Vanya and The Sea Gull, the exhibit will also contain programs, prompt books and original manuscripts. Photographs of Chekhov's home, the Moscow Art theater and the theater's founders will be included. The showing will also display collections from literary materials of Tolstoy and Dostoevsky.

Chekhov's appeal has multiplied in popularity through the years. The modern short story reflects his influence. Writing principally for the Russian people, he tried, sometimes by the use of comedy, to make them forget their everyday problems.

While in America, the exhibit is sponsored by the American Education Theater Association. It has been at many colleges and universities throughout the country.

Here's What We Think.

Spirituality in the family is the theme of Mrs. Mary Reed Newland, author, prominent laywoman and mother, who answered questions of Clarke students and faculty in the solarium Friday, Oct. 2.

Several students have expressed their views in answer to the question: Are Mary Reed Newland's ideas on spirituality in family life sound and prac-

Joanne Kordick, senior chemistry major, Des Moines, says:

"I think her ideas are definitely sound enough, but in her situation they seem to be too ideal. I think the reason for our difficulty in accepting her views as possible is that she, in order to help us, has painted a picture of complete perfection which I am sure is not entirely true. The true picture is one of striving toward perfection in which case I think her views should be accepted and used by all Catholic parents, each in his own circumstances."

Mary Jane Vonderhaar, junior home economics major, Des Moines, comments:

"In my opinion, Mary Reed Newland's ideas on spirituality in the family were inspirational, but somewhat idealistic. It would require exceptional parents with a special gift of grace to carry out the ideal picture she painted. However, I am certain that everyone who heard Mrs. Newland speak was filled with a strong desire and

"In all honesty, Mrs. Newland's theories on spiritual development seem extreme to me. There is, in all her theories, much of value but it must be remembered that things are good only to a degree. Could a child, reared in such an environment, be content when he is out in the world working and differ? Equestrienne Kathy Gannon Tells Thrill of Hunt, Shows

Bareback riding is the best way to learn to balance and "to move with the horse" claims Clarkite-equestrienne Kathleen Gannon.

Kathy, who holds several ribbons, cups and trophies from stage for the CSA annual Halloween topic on Oct. 28 at 7 p.m. in the Chicago-area horse shows, began riding at the age of five when, tearful and frightened, she first mounted a horse at a friend's farm. Since then she has become an avid horselover and accomplished rider. Kathy began showing when she was seven and won fourth place in the hunter division of the International in Chicago. > In contrast with the free and natural outdoor setting of the hunt, the herseshow has a formal and fastidious atmosphere. The hunter must measure at least 16 hands, have 13 braids in its mane and exhibit an exact and smooth gait. The distinction between the hunter and jumper classes is that and has greater endurance. The second for the secondary teacher. height of a jumper's hurdles are the greatest factor in judging, while the his forelegs in a jump but his gait on the flats must be perfect.

Judges also consider the attire of the rider, as well as the necessary presence of a sandwich and a flask of liquor in the saddlebag, a tradition which derives from the cold and damp climate British riders had to endure. "In the International," Kathy noted, "neither your horse nor you may have a hair out of place." The most important aspect in judging the rider is the quietness of her hands. Kathy stressed, "Nervous hands give your horse the jitters."

After the strain of ring competition, Kathy explained, riders go to the stables for further rivalry by outdoing one another in decorating the apostolate of the Catholic college stables with trophies and awards.

Kathy, the only member of her family who rides, attributes to her horseback training a sense of fair play, sportsmanship and tolerance. Her immediate equestrian plans are to ride in the ten shows in the Chicagoland circuit next summer. As a horsewoman one of her ambitions is to show at Madison Square Garden in New York. But her smile is brightest when she is talking about Deuce's winter "hay belly" or of a horselover's insight in determining whether a horse is "really wild or just feeling his oats.'

Children's Theater Starts Second Year

Repeating last year's program, two Clarke drama majors are conducting children's theatre classes every Saturday morning from 9:30 to 11 in Terence Donaghoe hall. Patricia Zalewski, senior, will work with 11 to 13 year old children while Barbara Conley, sophomore, will instruct the age group between 7 and 10.

Simple pantomimes of stories and poems compose the curriculum. The children's discussion creates the action and dialogue for the stories. Every action is creative. The dialogue is never written. Therefore, each time
